Subject:
Sampling and Analysis Plan for landfills at The Dalles, Oregon
RCRA Permit No. ORD 052 221 025

Dear Mr. Faulk:

In response to USEPA's requests on the July 10th conference call regarding the draft Sampling and Analysis (SAP) for the above referenced Site, attached is a revised SAP for USEPA and ODEQ review. This SAP has been revised in accordance with comments provided by the USEPA and ODEQ. This plan submission is also intended to address Lockheed Martin's commitment to USEPA. This plan has been jointly developed by ARCADIS and Lockheed Martin.

We stand ready upon your review of the plan to address any comments or concerns that you may have regarding the plan or to coordinate air monitoring activities at the Site in accordance with an approved SAP.
